

## Index

---

- A. pyogenes*, Table – 145, 146  
Abdominal cavity, dissection – 193  
Abdominal fat necrosis – 18  
Abomasal bloat – 10, 268-269  
Abomasal ulceration – 11  
Abomasal volvulus – 10  
Abomasitis – 9  
Abomasitis: Mycotic – 9  
Abomasum – 9-11  
Abomasum, parasites – 313-315  
Abomasum, parasitism – 10  
Abomasum: Postmortem – 9  
Abortion – 121 124-125, 127-129  
Abortion, mycotic – 123  
Abortion, plants – 137  
Abortion, Table – 145, 146, 147  
Abortion, toxoplasmosis – 136  
Abortion: Bacteria – 124  
Abortions – 131  
Abortions, goats – 275-276  
Abortions: Viruses – 124  
Abscess, uterine – 106  
Abscessation – 151  
Abscesses – 166  
Abscesses, CNS – 286  
Abscesses, grass seed – 166  
Abscesses, injection – 166  
Abscesses, scrotal – 166  
Abscesses: Cerebello-pontine – 287  
Abscesses: Deep cerebral – 287  
Abscesses: Epidural – 287  
Abscesses: Hypothalamic – 287  
Abscesses: Olfactory – 287  
Abscesses: Pituitary – 287  
Abscesses: Spinal epidural – 287  
Abscesses: Superficial cerebral – 287  
*Absidia* – 6  
*Absidia* spp – 135  
Acantholysis, familial – 3  
Accessory Sex Glands (ASG) – 113  
Accessory sex glands, male – 101  
Acidosis, ruminal – 7  
Acidosis, ruminal: Lesions – 7  
Acinar pattern – 87, 89  
Acorn calf syndrome – 139  
Acorn toxicity – 6  
Acquired porphyria – 26-27  
Actinobacillosis – 6  
Actinobacillosis: Lesions – 6  
*Actinobacillus actinoides* – 114  
*Actinobacillus lignieresii* – 6, 48, 166  
*Actinobacillus seminis* – 116  
Actinomyces – 133  
*Actinomyces bovis* – 3, 36, 112  
Actinomyces, pyogenes – 151  
Acute Bacteraemic leptomeningitis – 281, 284-285  
Acute bacteraemic leptomeningitis: Clinical disease – 284  
Acute bacteraemic leptomeningitis: Lesions – 284-285  
Acute bacteraemic meningoencephalitis/myelitis – 285-286  
Acute Bacteraemic Meningoencephalitis/myelitis: Clinical signs – 285  
Acute Bacteraemic Meningoencephalitis/myelitis: Lesions – 285-286  
Acute bacterial and mycotic meningoencephalitis/myelitis – 281  
Acute bovine liver disease – 88-89  
Acute bovine liver disease: clinical signs – 89  
Acute bovine liver disease: neurological signs – 89  
Acute bronchiolitis – 201  
Acute cystitis – 299  
Acute cystitis: Diagnosis – 299  
Acute fasciolosis – 321, 332, 337  
Acute heart failure – 54  
Acute hepatotoxicity – 88-90  
Acute inflammation – 151  
Acute leptospirosis – 304  
Acute liver necrosis – 340  
Acute lymphadenitis – 47  
Acute myo. Necrosis – 63  
Acute nephrotoxicity – 301  
Acute nephrotoxicity: Lesions – 301  
Acute oedema – 203  
Acute tubular necrosis – 301  
Acute, rhinitis – 198  
Acute, sinusitis – 198  
Adenoviral infection – 7  
Adenovirus – 15  
Adrenal hypoplasia – 126  
Adventitial placentation – 125  
Aflatoxin poisoning – 92  
Aino Virus – 128, 152  
Aino virus, Table – 144  
Akabane disease – 126  
Akabane virus – 122, 124, 127  
Akabane virus – 152  
Akabane virus, Table – 144, 146  
Akabane virus: Cattle – 127  
Akabane virus: Sheep and goats – 127-128  
Alanine aminotransferase (ALT) – 87

- Alimentary syndromes – 349  
 Alimentary syndromes: Neoplasia – 349  
 Alimentary syndromes: Phytobezoars – 349  
 Alimentary syndromes: Regurgitation – 349  
 Alimentary syndromes: Salivation – 349  
 Alimentary syndromes: Stomatitis – 349  
 Alimentary syndromes: Vomiting – 349  
 Alimentary tract – 1-18  
   Alimentary tract, lower – 1  
   Alimentary tract, upper – 1  
 Alkaloids – 67, 91, 92  
 Allantoamnion – 120, 123  
 Allantoamnion, diagram – 120  
 Allantoamnionitis – 123  
 Allantoic fluid – 125  
 Allantoic sac, diagram - 120  
 Alpha-tocopherol – 154  
 ALT Alanine aminotransferase – 87  
 Alveolar emphysema – 202  
 Alveoli – 202  
 AMC Arthrogryposis multiplex congenita – 155  
 Amnionitis – 123  
 Amnionitis, Table – 145  
 Amniotic fluid, foetal infection – 121  
 Amniotic plaques – 125  
 Amniotic sac, diagram – 120  
 Amorphus globosus – 125  
 Ampullitis – 114  
 Amyloidosis – 306  
 Amyloidosis – 82  
 Amyloidosis, glomerular – 306  
 Amyloidosis: Lesions – 306  
 Amyloidosis: Sites – 306  
 Anaemia - 271  
 Anaemia, Table – 145  
*Anaplasma* – 323  
*Anaplasma marginale* – 323  
 Angus – 23  
 Ankylosing spondylosis – 38  
 Ankylosis – 37  
 Anomalies, congenital – 2-3  
 Anomalies, inherited – 2-3  
 Anthelmintic resistance – 312  
 Anthelmintics, inhibited larvae – 315  
 Anthrax – 44, 293-294  
 Anthrax: Diagnosis in sudden death – 293-294  
 Anthrax: Direct smears – 294  
 Aorta, dextropositioning – 58  
 Aortic arch, right, persistence – 58  
 Aortic stenosis – 57  
 Aplasia – 42  
*Arcanobacterium pyogenes* – 38, 106, 113, 133, 286, 305  
*Arcanobacterium pyogenes*: Lesions – 133  
 Arsenic – 9  
 Arterial medial calcification – 68  
 Arteriole thrombosis – 67  
 Arthritis – 37  
 Arthrogryposis – 137, 139, 364  
 Arthrogryposis multiplex congenita (AMC) – 155  
 Arthrogryposis viral – 152  
 Arthrogryposis, Table – 144, 145, 147  
*Ascaris suum* – 332, 337  
 Ascites – 87  
 (ASG) Accessory Sex Glands – 113  
*Aspergillus* – 135, 287  
*Aspergillus flavus* – 384  
*Aspergillus fumigatus* – 114, 123  
*Aspergillus fumigatus*, Table – 145  
 Aspiration pneumonia – 189  
 Ataxia – 378-381  
 Atelectasis – 202  
 Atopy – 163  
 Atresia – 12  
   Atresia ani – 13  
   Atresia, biliary – 85  
 Atrial septal defect – 57  
 Atrophy, cachectic – 152  
 Atrophy, degeneration – 152  
 Atrophy, disuse – 152  
 Autolysis – 1, 11, 44, 56, 124-125  
 Autolysis, foetal – 130  
 Autolysis, renal – 307  
 Autolysis: chorioallantois – 125  
 Autolysis: Placenta – 125  
 Autopsy, definition – 393  
 Autosomal recessive defects, cattle – 126  
 Avascular chorion – 125  
 Avocado leaves, as toxin – 63
- B**
- Babesia bigemina* – 323  
*Babesia* – 323  
*Babesia bovis* – 135, 294, 323  
*Babesia* spp, Table – 145  
 Babesiosis – 44, 135, 294  
 Bacillary, haemoglobinuria – 93  
*Bacillus licheniformis* – 133  
*Bacillus licheniformis*, Table – 145  
*Bacillus* spp – 133  
*Bacillus* spp, Table – 147  
 Bacillus, abortion – 133  
 Bacillus: Lesions – 133  
 Bacteria, Table – 146  
 Bacterial bronchopneumonias – 205  
 Bacterial bronchopneumonias: Cattle – 205  
 Bacterial bronchopneumonias: Progress of disease – 205  
 Bacterial bronchopneumonias: Sheep – 205  
 Bacterial endocarditis – 304  
 Bacterial epididymitis – 116  
 Bacterial epididymitis: Lesions – 116  
 Bacterial epididymitis: Pathogenesis – 116

- Bacterial orchitis – 112  
 Bacterial osteomyelitis – 36  
 Bacterial pneumonia – 189  
 Bacterial septicaemias – 207  
 Bacterial, liver disease 93-94  
 Bacteriodes nodosus – 167  
 Balanitis – 109  
 Balanitis, herpesvirus – 117  
 Balanoposthitis – 109, 275  
 Balanoposthitis: Tubercles – 109  
 Barber's pole worm – 310, 313-314, 329  
 Barley – 170  
 Barley grass – 170, 178  
 Beef measles, table – 328  
 Beef nodules – 324  
 "Bentleg" – 137  
 "Bentleg" – 30  
 Benzimidazole carbamates – 315  
 BHV-1 – 129  
 Biliary atresia – 85  
 Bile – 83, 84, 90, 92  
 Bile Acids – 88  
 Biles pigments – 83  
 Biliary vessels – 83  
 Biliary vessels, obstruction – 83  
 Bilirubin – 88  
 Bilirubin nephrosis – 302  
 Biopsy, liver – 88, 89  
 Biopsy, liver: method – 88  
 Biting lice – 177, 277  
 Black disease – 292  
 Black disease – 321  
 Black disease – 93  
 Black leg – 151  
 Black medic – 170  
 Black scour worm – 310  
 Black scour worm – 329  
 Black scour worms – 315-316  
 Blackleg – 61  
 Bladder lesions – 300-301  
 Bladder worms, table – 328  
 Blindness – 346-347  
 Blindness: Cataracts – 346  
 Blindness: CNS damage – 347  
 Blindness: Corneal opacity – 347  
 Blindness: Hepatoencephalopathies – 347  
 Blindness: Polioencephalomalacia – 347  
 Blindness: Retinal degeneration – 346  
 Bloat – 8  
 Bloat, abomasal – 10  
 Bloat, abomasal – 268-269  
 Bloat, primary – 8  
 Bloat, secondary – 8  
 Bloat: Lesions – 8  
 Blood circulation, foetal – 121  
 Blood fistula – 107-108  
 Blooms, cyanobacterial – 390  
 Blowflies – 173  
 Blue – green algal toxicosis – 68  
 Blue lupins – 169  
 Blue-green algae – 169  
 Bluetongue – 128  
 Bluetongue – 151  
 Bluetongue – 184  
 Bluetongue – 186-187  
 Bluetongue – 187-188  
 Bluetongue – 66  
 Bluetongue virus – 122  
 Bluetongue virus, Table – 144  
 Bluetongue virus, Table – 146  
 Bluetongue: Clinical signs, sheep – 187-188  
 Bluetongue: Laboratory diagnosis – 188  
 Bluetongue: Pathology – 187-188  
 Bluetongue: Transmission – 187  
 Bone diseases, metabolic – 30-36  
 Bone fragility – 31  
 Bone syndromes – 350  
 Bone, cancellous – 32  
 Bones and joints, tumours – 39  
 Bones: Bacterial infection – 36  
*Boophilus microplus* – 323  
 Border disease – 126-127  
 Border disease – 160  
 Border disease virus, Table – 146  
 Border disease, sheep and goats – 127  
 Botfly – 323-324  
 Bottle jaw – 273  
 Bottle jaw – 321  
 Bouin's fixative – 99  
 Bouin's fluid – 102  
*Bovicola ovis* – 176  
*Bovicola ovis*: Diagnosis – 176  
*Bovicola ovis*: Transmission – 176  
*Bovicola* spp: Cattle – 177  
 Bovine encephalomyelitis, sporadic – 67  
 Bovine ephemeral fever – 66  
 Bovine generalised glycogenosis type ii – 65  
 Bovine herpes virus-1 – 124  
 Bovine herpes virus-4 – 106  
 Bovine herpesvirus – 102  
 Bovine herpesvirus-1 – 129  
 Bovine herpesvirus-1: Lesions – 129  
 Bovine herpesvirus-2 – 165  
 Bovine herpesvirus-2 – 187  
 Bovine leucosis – 65  
 Bovine malignant catarrh – 66  
 Bovine Myasthenia gravis – 155  
 Bovine neurofibroma – 65  
 Bovine papular stomatitis – 4  
 Bovine Papular Stomatitis (BPS) – 164  
 Bovine parovirus, Table – 144  
 Bovine parvovirus – 129  
 Bovine pestvirus – 67  
 Bovine pleuropneumonia – 206-207

- Bovine pleuropneumonia, contagious – 188-189  
 Bovine pleuropneumonia, contagious: Clinical signs – 189  
 Bovine pleuropneumonia, contagious: Laboratory diagnosis – 189  
 Bovine Respiratory Syncytial Virus – 209  
 Bovine rhinotracheitis, infectious (IBR) – 106  
 Bovine Thrombotic Meningoencephalitis (TME) – 285  
 Bovine ulcerative mammillitis – 165  
 Bovine ulcerative mammillitis: Lesions – 165  
 Bovine ulcerative mammillitis: Transmission – 165  
 Bovine viral diarrhoea (BVD) – 3  
 Bovine, pest virus – 126-127  
 BPS Bovine Papular Stomatitis – 164  
 Brachynathia – 2  
 Brachynathia – 30  
 Brachynathia inferior – 26  
 Brachynathia inferior – 3  
 Brachynathia superior – 26  
 Bracken Fern lesions – 300-301  
 Bracken poisoning – 366-367  
 Bracken, poisoning – 68  
 Brain stem defects – 140  
 Braxy – 9  
 Bronchiectasis – 201  
 Bronchioles – 201  
 Bronchiolitis obliterans – 201  
 Bronchiolitis, acute – 201  
 Bronchiolitis, chronic – 201-202  
 Broncho-Interstitial pneumonia – 209  
 Broncho-Interstitial pneumonia: Causes - 209  
 Bronchopneumonia – 132  
 Bronchopneumonia – 196  
 Bronchopneumonia – 204-205  
 Bronchopneumonia foetal – 131  
 Bronchopneumonia, foetal – 123  
 Bronchopneumonia, foetal – 130  
 Bronchopneumonia: Lesions – 204  
 Bronchopneumonias, bacterial – 205  
 Bronchopneumonias, chronic – 205  
 Bronchopulmonary dysplasia – 204  
 Bronchovascular interstitium – 191-192  
 Brown millet – 169  
 Brown stomach worm – 310  
 BRSV – 209  
 Brucella – 48  
*Brucella abortus* – 114  
*Brucella abortus* – 117  
*Brucella abortus* – 129  
*Brucella abortus*, Table – 145  
*Brucella abortusw* - 112  
*Brucella melitensis* – 117  
*Brucella melitensis*, Table – 146  
*Brucella ovis* – 117  
*Brucella ovis* – 123  
*Brucella ovis* – 130  
*Brucella ovis* – 276  
*Brucella ovis*, Table – 146  
 Brucellosis – 111  
 Brucellosis – 129-130  
 Brucellosis - 278  
 Brucellosis: Lesions – 129-130  
 Buffalo fly – 174  
 Bulbourethral adenitis – 114  
 Bulbourethral gland hyperplasia – 116  
 Bulldog calves – 138  
 Bullous emphysema – 203  
*Bunostomum* – 312  
*Bunostomum phlebotomum* – 311  
*Bunostomum phlebotomum* – 317  
*Bunostomum phlebotomum* – 335  
*Bunostomum spp* – 317  
*Bunostomum trigonocephalum* – 317  
*Bunostomum trigonocephalum* – 330  
*Bunostomum*: Clinical signs – 317  
 Burr medic – 170  
 BVD – 15  
 BVD Bovine viral diarrhoea – 3  
 BVD virus – 4-5
- C**
- C. psittaci*, Table – 145  
*C. renale* – 113  
 Cache Valley Virus – 128  
 Cache Valley virus – 152  
 Cache Valley virus, Table – 146  
 Cachectic atrophy – 152  
 Calcification, arterial medial – 68  
 Calcium deficiency – 31  
 Calcium deficiency – 33  
 Calf diphtheria – 6  
 Calf diphtheria: Lesions – 6  
*Calicophoron calicophorum* – 311  
*Calicophoron calicophorum* – 312  
 Caltrops – 169  
 Camel melon – 170  
*Campylobacter fetus* – 109  
 Campylobacter – 123  
*Campylobacter fetus* – 105  
*Campylobacter fetus fetus* – 124  
*Campylobacter fetus fetus* – 130  
*Campylobacter fetus fetus* – 131  
*Campylobacter fetus fetus*, Table – 145  
*Campylobacter fetus fetus*, Table – 146  
*Campylobacter fetus venerealis* – 121  
*Campylobacter fetus venerealis* – 130  
*Campylobacter fetus venerealis*, Table – 145  
*Campylobacter jejuni* – 130  
*Campylobacter lari* – 130  
*Campylobacter lari*, Table – 146  
*Campylobacter laridis* – 130  
*Campylobacter* sp – 102

- Campylobacteriosis - 278  
 Cancellous bone - 32  
*Candida* sp - 305  
*Cannabis sativa* - 375  
 Caprine arthritis/encephalitis - 269  
 Caprine herpes virus - 275  
 Caprine herpesvirus, Table - 146  
 Caprine lentivirus (CAEV) myeloencephalitis - 288  
 Caprine lentivirus (CAEV) myeloencephalitis:  
     Lesions - 288  
 Caprine lentivirus myeloencephalitis - 281  
 Capripox - 184-185  
 Capripox: Lesions- 185  
 Capripox: Transmission - 184  
 Carcinoma, intestinal - 18  
 Carcinoma, squamous cell - 171-172  
 Cardiac anomalies, congenital - 56  
 Cardiac dilation - 53  
 Cardiac haemorrhages - 59  
 Cardiac hypertrophy - 53  
 Cardiac syncope - 54  
 Cardiac 'white muscle disease' - 62  
 Cardiogenic oedema - 203  
 Cardiomyopathies - 64 - 65  
 Cardiomyopathy and woolly hair coat syndrome -  
     62  
 Cardiomyopathy and woolly haircut syndrome  
     (CWH) - 139  
 Cardiomyopathy, japanese black calves - 64  
 Cardiomyopathy, plant poisoning - 365  
 Cardiomyopathy: friesian - holsteins - 64  
 Cardiovascular responses - 53  
 Cardiovascular shunts, foetal - 57  
 Cardiovascular system - 51-71  
 Cardiovascular system: Lesions - 51  
 Caruncle, diagram - 120  
 Caseous lymphadenitis - 166  
 Catarrh, bovine malignant - 66  
 Catarrhal fever, malignant - 184  
 Catarrhal fever, malignant - 48  
 Catarrhal fever, malignant - 5  
 Catarrhal fever, malignant: Lesions - 5-6  
 Cattle parasites - 334-338  
 Cattle parasites: Clinical signs - 334-338  
 Cattle parasites: Gross pathology - 334-338  
 Cattle parasites: Significant faecal egg counts -  
     334-338  
 Cattle tick - 175  
 Cattle tick - 323  
 Cattle, pox virus - 164-166  
 Caudal vena cava, thrombosis - 68  
 Cerebellar defects - 140  
 Cerebellar dysgenesis, Table - 146  
 Cerebellar hypoplasia - 122  
 Cerebellar hypoplasia - 124  
 Cerebellar hypoplasia - 128  
 Cerebellar hypoplasia - 129  
 Cerebellar hypoplasia - 139  
 Cerebellar hypoplasia, Table - 144  
 Cerebral defects - 140  
 Cerebral dysgenesis, Table - 146  
 Cerebro-spinal abscess and suppuration - 281  
 Cerebro-spinal Abscesses - 286  
 Cerebro-spinal Abscesses: Lesions - 286  
 Ceroid-lipofuscinosis - 281  
 Ceroid-lipofuscinosis - 289-290  
 Ceroid-lipofuscinosis: Lesions - 290  
 Cervix - 105  
 Cervix - 99  
 Cestodes - 318  
 Cestodes: Anthelmintics - 318  
*Chabertia* - 312

 Sodium fluoroacetate – 63  
 Sorghum poisoning – 363-364  
*Sorghum* spp – 137  
 Spastic paresis – 155  
 Spear grasses – 178  
 Sperm granuloma – 112  
 Spermatozoa – 101  
 Spider lamb syndrome – 22  
 Spider lamb syndrome: Clinical signs – 21  
 Spider lamb syndrome: Lesions – 21  
 Spinal canal, neonatal – 141  
 Spinal cord defects – 140  
 Spleen – 43-45  
 Spleen: Accessory – 43  
 Spleen: Acute hyperaemic swelling – 44  
 Spleen: Aplasia – 43  
 Spleen: Atrophy – 43  
 Spleen: Developmental disturbances – 43-44  
 Spleen: Distension – 44  
 Spleen: Duplication – 43  
 Spleen: Enlarged – 44  
 Spleen: Haemosiderosis – 44  
 Spleen: Hypoplasia – 43  
 Spleen: Involution – 43  
 Spleen: Lymphosarcoma – 45  
 Spleen: Neoplasia – 45  
 Spleen: nodular hyperplasia – 44-45  
 Spleen: Pigmentation – 44  
 Splenic involution – 43  
 Splenitis – 44  
 Splenomegaly – 44  
 Spondylosis – 38  
 Spondylosis deformans – 38  
 Spondylosis: Bulls – 38  
 Spondylosis: Clinical signs – 39  
 Spondylosis: Lesions – 39  
 Sporadic Bovine Encephalomyelitis (SBE) – 286  
 Sporodesmin toxicity – 91  
 Squamous cell carcinoma – 276  
 Squamous cell carcinoma (SCC) – 171-172
- Squamous cell carcinoma (SCC): Flystrike – 171-172  
 Squamous cell carcinoma (SCC): Goats – 171-172  
 Squamous cell carcinoma (SCC): Lesions – 171-172  
 Squamous cell carcinoma (SCC): Prevalence rates – 171-172  
 Squamous cell carcinoma (SCC): Sheep – 171-172  
 Squirting cucumber – 170  
 St george disease – 67  
 St John's Wort – 374  
 Stable flies – 174  
 Staggers – 289  
*Staphylococcus* spp – 167  
 Staphylococcal pyoderma – 167  
*Staphylococcus* – 112  
*Staphylococcus* – 113  
*Staphylococcus aureus* – 167  
*Staphylococcus aureus* – 38  
 Starvation – 274  
 Starvation, neonatal – 141  
 Steatosis – 153  
 Sten., aortic – 57  
 Stenosis, pulmonic – 57  
 Stenosis, subaortic – 57  
*Stephanofilaria* - 324  
*Stephanofilaria* – 337  
 Steroidal sapogenin – 90  
 Stillbirth – 124  
 Stillbirth – 129  
 Stillbirth, Table – 145  
 Stillbirth, Table – 146  
 Stillbirth, Table – 147  
 Stillbirths, toxoplasmosis – 136  
 "Stomach fluke" – 318  
 Stomach flukes – 312  
 Stomach hair worm – 315  
 Stomach hair worm – 329  
 Stomach hair worm – 334  
 Stomatitis, bovine papular – 4  
 Stomatitis, necrotic – 6  
 Stomatitis, papular, bovine – 4  
 Stomatitis, vesicular – 181  
*Stomoxys calcitrans* – 325  
 Storage disease – 289  
 Storksbill – 178  
*Streptococcus* – 113  
*Streptococcus* – 61  
*Streptococcus* sp – 106  
*Streptococcus* spp – 142  
*Streptococcus* spp – 38  
*Streptococcus* spp, Table – 145  
*Streptococcus* spp, Table – 147  
 Streptomyces – 48  
*Strongyloides* – 312  
*Strongyloides* – 317  
*Strongyloides papillosum* – 317

- Strongyloides papillosum* – 330  
*Strongyloides papillosum* – 335  
*Strongyloides* spp – 311  
 Strongyloides: Clinical signs – 317  
 Sub-acute lymphadenitis – 47  
 Subaortic stenosis – 57  
 Submandibular oedema – 314  
 Sucking louse – 176  
 Sudan grass – 170  
 Sudden death – 1  
 Sudden death – 291-295  
 Sudden death – 339-340  
 Sudden death, intestinal changes – 292  
 Sudden death: Acute infection – 293-294  
 Sudden death: Bacteriological sample – 293  
 Sudden death: Causes – 292-294  
 Sudden death: Importance of history – 294  
 Sudden death: Necropsy findings – 291-292  
 Sudden death: Physical and environmental catastrophes – 294  
 Sudden death: Strategy for investigators – 295  
 Sulfur granules – 37  
 Sun spots – 168  
 Sunburn – 168  
 Sunburn: Lesions – 168  
 Suppurative myocarditis, Table – 145  
 Suppurative pericarditis – 60  
 Swayback – 269  
 Swayback – 288-289  
 Sweet grass – 169  
 Sweet potatoes, mouldy – 386  
 Syncope, cardiac – 54  
 Syndactyl – 25-26  
 Synovial fluid – 37  
 Synovial membrane – 37  
 Systemic pox infection – 208
- T**
